

The Department of English is very pleased to announce that the generosity of Sharon Weiner, a recent PhD from our department, has enabled the establishment of the **Sharon Weiner Graduate Student Support Fund in English**.

The purpose of this Fund is to support graduate students pursuing a degree in the Department of English at the University of Hawai'i at Mānoa College of Arts, Languages & Letters, who are working on scholarly projects focused on women and women's experiences.

The fund is a multi-year commitment from Sharon, with generous gifts from her family and friends in honor of Sharon's completion of her doctoral degree. She hopes to inspire other English alumni and recent graduates to also make gifts to support our students. The English department is grateful to SharonWeiner for her generosity.

Help us grow this fund by donating [here](#).
