

English Department PhD Curriculum Map

Curriculum	Demonstrate comprehensive knowledge of two areas of specialization, along with an enhanced understanding of English as a discipline of study.	Demonstrate ability to apply advanced research methods and/or creative writing techniques. Demonstrate ability to map, historicize, and contextualize specialized areas.	Apply one or more theoretical models in the study or production of literature, culture, or rhetoric/composition.	Employ close reading skills to analyze a range of texts, engaging with ethical, cultural, esthetic, and political issues salient to the archive they construct.	Present their research findings to varied audiences, including specialists and non-specialists alike in both oral and written formats. Develop and practice college-level teaching skills.	Engage in responsible and ethical research, including IRB training when conducting research with human subjects. Develop responsible frameworks and practices for work in English studies from our cultural location in Hawai'i and the Pacific. Acquire and integrate other disciplinary perspectives.	Demonstrate written and oral ability to place creative and/or scholarly work within broader artistic and/or critical conversations with peers, students, and established scholars/writers as well as in publication.
